Linear art project

I chose to do the letter L for the center of my project because that's the first letter of my name and I thought it would look in the middle of the graph.

First you are going to need to graph the linear equations down below.After that you will have to point the ordered pairs below.

Linear Equations:
1.y=x-5
2.y=x+4
3.y=2/3x+2
4.y=3/5x-16
5.y=x-10
6.y=x+13
7.y+2/3x+9
8.y=-3/4x-1
9.y=-1/2x-13
10.y=x+17
11.y=x-24

Ordered pairs:
(-7,-15)
(10,-15)
(10.-13)
(-5,-13
(5,4)
(7,4)
